Policy Statement

The purpose of this policy is to establish the minimum requirements for the operation of the San Juan County Fire Department as specified by San Juan County Ordinance #49.

All regulations contained in this document and adopted hereafter shall be adhered to by all members of the department.

Since these are minimum requirements, each district can propose additional, more stringent, requirements to meet their individual needs.

The Fire Chief must approve all additional requirements.

All additional requirements shall be contained in an Annex for each District, which will be attached to this document.

Only those sections of the Administrative Regulations that contain a clause allowing additional requirements will be permitted to be included in the District's Annexes.

All changes to the countywide regulations must be approved in accordance with San Juan County Ordinance #49.

Proposed changes to the countywide regulations should be submitted to the Fire Chief or any District Chief for further action.

All changes to the District's Annexes shall be approved by a two-thirds majority of all non-probationary District members.
