Policy Statement

All regular members shall be able and willing to answer alarms, and to attend meetings, practices, and training sessions in accordance with the attendance policy. All members shall read and adhere to the Policies and Procedures of the fire department and shall be subject to, and shall follow the orders of the officers or command at all alarms, training sessions, practices, or any other fire department function.

All members of the fire department shall reside within their respective fire district boundaries or within fifteen (15) minutes driving distance of a district fire station, assuming all posted speed limits are obeyed.

Exception will be granted for members living further (termed "out of district members" elsewhere in these policies), provided they agree to spend eight (8) hours per week at the fire station doing general duties or training, while remaining available for response. Duties and accountability for these members shall be the responsibility of the district chief or designee.

Members shall perform all other duties as assigned.

Members shall not respond in emergency mode (POV) until they are within their own district boundary.
